

Call for Papers

Santiago Finance Workshop

Santiago - December 12-13, 2016

The University of Chile (with the support of the Millennium Institute for Research in Market Imperfections and Public Policy) is organizing the 2016 version of the Santiago Finance Workshop (SFW). The SFW will be held on December 12-13, 2016 in Santiago. We are glad to announce that our keynote speakers will be **Professor Michael Brennan** (Anderson School of Management, UCLA) and **Professor Peter Christoffersen** (Rotman School of Management, University of Toronto).

The previous workshop held in 2015 received very positive feedback, and the speakers generated several very interesting discussions. We had two outstanding keynote speakers, Prof. Franklin Allen and Prof. Eduardo Schwartz (see below full list of participants).

The University of Chile is one of the most prestigious universities in Latin-America, and the workshop aims at bringing together academics and policy makers from all over the world, in order to discuss new empirical and theoretical research that deals with financial issues. You are invited to submit papers on any topic in Finance or Financial Economics.

The SFW's organizing committee will cover airfares tickets (economy class) to Santiago and accommodation during the stay of all presenters. All participants are expected to stay during the entire conference. If you would like to present a paper at the SFW workshop, please send a copy in pdf form to committee@santiagofinanceworkshop.com, no later than June 15th, 2016. Authors of accepted papers will be notified by July 15th, 2016.
