

FGV-EBAPE Post Doc Program (Pós-doutorado)

FGV-EBAPE's Post Doc Program aims at attracting researchers who are eager to leverage their knowledge and skills in a stimulating first-rate research environment. In particular, the program targets young researchers who intend to spend additional time on enhancing their research before going on the job market and seasoned/senior researchers who are motivated to conduct high-quality fundamental or applied research in FGV-EBAPE's main areas of competence (Behavioral & Decision Sciences; Management & Organizations; Finance; and Institutions, Policy & Government).

Main features

- One-year program, start at any time
- Participate in research projects
- Present a research seminar
- Regularly attend research seminars
- Teach a workshop of 15 hours in the MSc/PhD program

Benefits

- Access to FGV resources
- Interaction with faculty and PhD/MSc students
- Participate in events of FGV-EBAPE's research centers (Center for Behavioral Research in Rio, Center for Banking and Finance Research in Rio)
- Post Doc Program participation confirmation

Application

- Motivation letter
- Recommendation letter by a FGV-EBAPE professor
- Brazilian CV (Lattes system) or international CV in English language
- Applicants must have obtained their PhD degree before application or they will obtain the PhD degree without any ambiguity during the Post Doc Program
